As a Division, we establish inclusive partnerships, programs, facilities and services, build leadership, enrich academic and career goals, and enhance the quality of life for potential and current students, and alumni.

RECREATIONAL SERVICES DEPARTMENT

CLUB SPORTS PROGRAM

The Club Sports Program is designed to serve student interest in different sports and recreational activities. These interests can be competitive, recreational or instructional in nature as these clubs may represent the University in intercollegiate competition or conduct intra club activities such as tournament play, practice, instruction and social interaction. It is Recreational Services’ desire to extend to any student at the University of New Mexico the opportunity to participate individually or with a team in the Club Sports Program.
CHARTERING

CHARTERED STUDENT ORGANIZATION STATUS

Chartered Student Organizations are groups that are officially recognized by the University of New Mexico. These student orgs are an opportunity for growth and leadership in a student-driven environment with the support of the University. Chartered student organizations are granted privileges including access to campus facilities, access to ASUNM and GPSA funding processes, and the ability to rent and checkout equipment from the Student Activities Center.

More information on Chartering can be found here: https://sac.unm.edu/student-organizations/start-a-club.html

The Student Activities Center will initially classify your club as Competitive or Recreational based on an assessment of risk and club activities. If the classification is incorrect, the Club Sports staff can assist with choosing the correct classification for your club. Club classifications are based on:

- Competitive – These organizations are recognized by a national sanctioning body, are highly competitive regionally or nationally at the intercollegiate level and represent the University in their respective sports; Recreational Services may limit the number of competitive clubs to avoid duplication.

- Recreational – The club holds practice sessions in which members compete with other members of the same club to develop and refine existing skills and enjoy the recreational and social fellowship of sports and recreation.

HOW TO CHARTER A CLUB SPORT

Requirement 1. Two officers must attend a Charter Workshop put on by the Student Activities Center.

If you have an SGAO account, you must attend an SGAO Spending Workshop.

If you need money, budget workshops are available through ASUNM.

Requirement 2. Submit your Charter online at sac.unm.edu using the Charter System Login.

As a sports group, your organization must be 100% registered students at UNM.

Requirement 3. All members of the club must complete a Player Registration Participation Agreement located on Recreational Services website, on the Club Sports Club Resources page.

Requirement 4. At least two officers of the club must attend a Club Orientation hosted by Recreational Services.

Once you have completed all charter and other requirements with the Student Activities Center and Recreational Services, you charter will be approved.
CHARTERED RECREATIONAL SERVICES CLUB SPORTS PRIVILEGES

Recreational Services can provide aid in chartering, funding, facility reservations, recruitment, promotion, and equipment storage. Additional benefits and privileges of being a chartered Club Sports may include:

- Access to American Red Cross First Aid, CPR, & Preventing Disease Transmission certifications
- Storage for equipment in Recreational Services spaces as available. *All equipment purchased with University funds must be stored on campus.*

CHARTERING REQUIREMENTS FOR COMPETITIVE CLUBS

In addition to the Student Activities Center and Recreational Services regular chartering requirements, Competitive Club Sports must also provide the following to the Club Sports staff:

- Proof of membership in the collegiate division of the national association or governing body of your sport.
- Copy of your facility use agreement or contract with your practice and game facilities.
- Schedule of your club’s games, competitions, and events. All games, competitions, and events must be sanctioned by your national association or governing body.
- Schedule of your club’s practice schedule.
- Copy of Club roster submitted to the national association or governing body.

All club members must maintain a minimum 2.0 GPA to be in good standing as defined by UNM and adhere to the minimum grade point average required by the national association or governing body, which may be higher. Members below the 2.0 GPA requirement will be placed on probation and will not be allowed to travel or compete in club activities. Violation of this policy can lead to indefinite suspension and repeat offenders may be removed from the club.
MEMBERSHIP & ELIGIBILITY

Each club sport will determine its own membership guidelines, but they must be free of any restriction based on race, skin color, national or ethnic origin, culture, religion, gender, gender identity, gender expression, sexual orientation, socioeconomic status, disability, age, and every other human characteristic. Some clubs may limit membership based on eligibility rules of the club’s league or governing body.

An individual may serve in multiple roles, but Clubs should clearly designate who fills each of the previously mentioned roles. All Chartered Student Organizations must have at least two officers.

Because of this, Recreational Services recommends new officers are voted into office in January or February each year so outgoing officers and incoming officers have time to train and collaborate on Club operations and duties.

Clubs may seek the assistance of a coach or instructor experienced and knowledgeable in the respective sport. It is highly recommended the selected coach or instructor obtain a coaching certification or endorsement by the sport’s National Governing Body.

All coaches or instructors must complete the Club Sports Coach/Instructor Form prior to assuming any club responsibility.

Coaches and instructors are not considered UNM employees and are not covered by UNM medical, health or liability insurance plans.

Coaches may purchase a Rec Card as a University Affiliate from Recreational Services to gain access to Johnson Center after review and approval from the Club Sports staff. Rec Cards for coaches will only be available to clubs that reserve facility space within Johnson Center. Only a reasonable number of Rec Cards will be allowed for each club. Each club will be reviewed independently.

CONDUCT

All coaches and instructors are expected to follow all policies and procedures as described in this handbook, as well as all policies and procedures outlined by the Student Activities Center and UNM Student Code of Conduct. Any coach or instructor found in violation may be terminated at any time.
ROLES AND RESPONSIBILITIES

Recreational Services has established that the roles and responsibilities of a coach or instructor include, but are not limited to:

**Coaching**
- The coach's primary role is instruction and coaching. In addition, coaches are encouraged to consult and support the club's student leaders in the management of the club. A club sport is first and foremost a student organization and as such, the student representative must serve as the liaison between the club and the Club Sports Office. The key to the Club Sport program is the emphasis placed on student leadership and participation.
- The coach makes player attendance at practice a priority
- The coach seeks to actively develop and improve the skills of new and returning club members

FINANCES

Note: Recreational Services does not administer or maintain financial accounts. This section is a paired down version of information available through the Student Government Accounting Office (SGAO). For more in-depth information, please contact SGAO and visit the Student Organization Handbook.

BANK ACCOUNTS

All student organizations who receive University funding must deposit all funds received from any source into a University account and must have no outside bank accounts.

UNIVERSITY FUNDING OPPORTUNITIES

Budget Process
The spring budget process is the primary funding opportunity. Clubs will request funds for the following year. Clubs must complete the necessary requirements, including attending a Budget Workshop, before requesting a budget. The budget process is for typical, recurring purchases. Awarded funds must be used for the requested purpose. Clubs with undergraduate students, no matter how many, may submit a budget request with ASUNM. Clubs with graduate students, no matter how many, may submit a budget request with GPSA. ASUNM does operate a fall budget process for clubs who missed the spring budget process or are a new student organization.

Appropriation Process
Clubs may request an appropriation for unforeseen or one-time expenses not included in their budgets. Examples of these include costs for travel, events, and equipment. Chartered student organizations may request an appropriation once per semester. Awarded funds must be used for the requested purpose.

Self-Generated Funds
Clubs will deposit any outside received funds into their self-generated account. This will include money from sponsorships, donations, or any fundraising event. These funds may be used for any purpose (within SGAO guidelines).

CLUB SPORTS NATIONAL TOURNAMENT FUND
The Club Sports program oversees and distributes a national tournament fund from which clubs can apply for funding to offset a portion of the cost that teams incur when competing at a national tournament/championship, or other traveling tournament. Clubs who are 100% compliant with all Club Sports and SGAO requirements and are in good standing within the program are eligible to apply to receive funding.

Fund requests are judged based on the following factors:

- Whether or not a club must qualify for their national tournament
- The distance that the club must travel to compete
- The amount of money the club fundraised during the year
- The number of athletes required to participate in the national tournament/championship
FUNDRAISING

What is fundraising and what are the differences between each method?

Fundraising is obtaining money through sponsorships, donations, or special events.

Sponsorship – Support from a company or organization with products, money, or services. Recognition can be provided by putting their logo on banners, jerseys, club website, etc. Donation of services is not a charitable contribution with a tax receipt but can be acknowledged.

Donation – Funds or goods acquired from businesses, family, friends, or any supporter (ex. grandma gives you $20). Donations can be recognized on a list of donors, announcements, etc.

Special Event – An event designed to raise funds for your club (ex. a bake sale)

Process of Obtaining a Sponsorship

1. Generate a list of potential individuals and/or business your club would like to reach out to.
2. Email list to Andy Boehnlein: andypb@unm.edu
   a. Andy can email your list to the UNM Foundation (sarah.fair@unmfund.org) for review and suggestions.
3. Andy will return the reviewed list to the club.
4. The club can then submit their sponsorship request to the approved individuals and/or businesses.

If the approved individual and/or business accepts your request:

5. Complete the Sponsorship Agreement Form with the accepting individual and/or business for both parties to understand and commit to the agreed upon sponsorship.
6. Individual and/or business will send money to the UNM Foundation and in their correspondence, inform the UNM Foundation which club they are working with.
7. The money will be deposited in the club’s Banner index under a gift account code. The funds are considered ‘self-generated’ and can be used for any purpose (within SGAO guidelines).
8. The UNM Foundation will follow up with the individual and/or business to thank them and send a receipt for their tax-deductible donation (if applicable). The club should also follow up with an additional thank you.
Creating a Sponsorship Letter

When looking for sponsorships, it is important to have a letter that is personal, direct, and clear. You are looking to create a partnership. This letter is a starting point for a more direct conversation. While every letter will be different, there are key attributes that should be highlighted in each to create an effective partnership:

1. On letterhead paper, address the potential sponsor by their full company or individual name.
2. Tell them who you are. Briefly describe your club and the club’s goals.
3. Address the need for a sponsor and why you believe the individual or business is a perfect fit for your club.
4. Suggest potential sponsorship opportunities that may be appealing to the donor, but mention that you are open to discussing other opportunities as well.
5. Sign the letter and give your contact information. The more options of contact you give them, the better.

The following is an example of an invitation letter to a sponsor.

June 6, 2022

Dear Company Name,

The Sport Ball Club at the University of New Mexico is currently seeking sponsorships for the upcoming season! We believe that your company is a great fit with our club due to our common interest in getting students healthy and mentally well. Our club is in the fifth year of existence and was founded on the belief of spreading the game of sport ball and ultimately becoming national champions. We want you to be a part of this journey with us. Some potential options we have for sponsorships include, but are not limited to:

- Practice equipment sponsor - $500
- Uniform sponsor - $1000
- Tournament travel sponsor - $1500

We thank you for taking the time to look at our offer and we look forward to hearing from you soon.

Sincerely,

Andy Boehnlein

Continuing Relationships

Signing a Sponsorship Agreement Form is just the first step in getting the relationship going. Like all relationships, there needs to be more invested interest than just placing a logo on a jersey and calling it a day. When landing sponsors, it is important to maintain the relationship so that the sponsorship can be continued as well. Hand written notes are wonderful. Consider inviting them to a practice or event. You will set your club up for success for years to come!

Frequently Asked Questions

I have a donation (gift) of cash or checks. What do I do?

Great! Cash and checks must be hand-delivered to the UNM Foundation. The Foundation is open Monday-Friday, 8 am – 5 pm to assist you. Bring the donations and your Banner index to the Foundation. You will need to complete a Transmittal document so the Foundation knows what to do with the money and who to contact if there are questions.

Can in-kind gifts be accepted?

Yes! Non-cash gifts, such as apparel, equipment, or food, can be accepted. A Sponsorship Agreement Form must still be completed. Once you receive the donation, complete the Report of Non-Cash Gifts form and submit to the UNM Foundation. The individual and/or business will then be sent a letter from the Foundation that will serve as a receipt for tax purposes, and will thank them for their ‘in-kind gift’. The donor is responsible for certifying the value of their item.

Is crowd funding an option?

Yes! The UNM Foundation has their own crowdfunding platform called Impact UNM. Email Andy, andypb@unm.edu, and he will be able to connect you with Angel Lancaster, the Managing Director of Acquisition at the UNM Foundation, and can assist you in setting up a crowdfunding opportunity.

Can we accept donations online?

Yes! Online donations can be accepted 24/7/365 at unmfund.org. Email Andy, andypb@unm.edu, and he will connect you with UNM Foundation’s Marketing and Communications department, and can assist you in setting up an online giving account. You will need your index set up at the Foundation. Andy will connect you with the Foundation’s Information Acquisition and Quality Department who will assist you with this.

Can we host a special event on campus?

Yes! For more information on fundraising on campus, please see the SAC Student Organization Handbook.
EQUIPMENT & INVENTORY

STORAGE

Storage of equipment in Recreational Services spaces is one perk of being a chartered student organization. All equipment purchased with University funds must be stored on campus. Storage spaces are used by multiple groups and are expected to be treated with respect. They should remain in a clean, organized manner and each club should only use their own equipment. A select number of keys will be given to each club. If keys are lost, the club may be responsible for covering the cost of obtaining a new key. Contact the Club Sports staff if you have storage needs.

INVENTORY

Select equipment purchases over certain dollar amounts must be inventoried with the University. SGAO will assist you with this process should your purchases exceed the threshold.

PURCHASES

SGAO will assist you with making equipment purchases. This will be done by completing an Internal Requisition (IR) Form. If you have questions about making purchases, please contact SGAO.

DONATIONS

Clubs may accept in-kind donations of equipment from donors. Clubs are not required to accept equipment donations.

SGAO will assist the club in booking all travel logistics including hotels, airfare, etc.

FAILURE TO COMPLETE PROCEDURES

Failure to submit a Travel Request Form may result in the suspension of travel for the club until a meeting is completed between the club leadership and the Club Sports staff.

UNM VEHICLE RENTAL POLICIES

UNM has vehicles available for rent. To use a rental vehicle, the Automotive Department requires a letter of authorization from a Department Director or Dean authorizing the use of the rental vehicle and assumed responsibility for the vehicle and the occupants of the vehicle, and the use of approved drivers who have completed the UNM Defensive Driving certificate on UNM Learning Central. The Club Sports staff can provide you with more information about renting UNM vehicles.

ADDITIONAL RESTRICTIONS

Additional travel requirements may be placed on clubs at the discretion of the Club Sports staff or the Student Activities Center.
FACILITY SCHEDULING & ACCESS

Recreational Services provide numerous facilities for Club Sports’ use. Access to all facilities is a privilege, and misuse of any facility by the club or their guests will not be tolerated. Club officers should inform all club members, coaches/advisors, and guests of their responsibility to maintain the facilities.

FACILITY USE

Chartered Club Sports may request use of UNM Johnson Center and/or field space for practice or competition. Any official use must receive prior approval.

FACILITY REQUESTS

For club practice schedules, each club will submit their own Facility Request Form located on the Rec Services website at recservices.unm.edu through EMS. Requests may be made up to 365 days in advance.

For special events, clubs will submit a Facility Request Form through the Club Sports staff. A special event is anything that is not a regularly scheduled practice including but not limited to competitions, fundraisers, tournaments, scrimmages, or alumni events. Upon approval, the Club Sports staff will complete the required EMS information. This will allow additional oversight and facility needs for the more in-depth events. Requested times are not guaranteed as there may be other groups renting the space and so clubs are recommended to submit their requests as early as possible.

RECREATIONAL CLUB SPORTS

Club Sports classified as recreational or instructional, and practice in the Johnson Center or Johnson Field will be supervised by the Rec Services Staff on duty. They will handle appropriate response to any emergency or injury. Any competition in the recreational classification must be intra-club only.

FACILITY USE POLICIES

At no time are dogs or vehicles allowed on Johnson Field. For certain special events security, portable toilets, crowd control barriers, or additional trash cans may be required at the cost of the club. Club Sports Staff will provide assistance in obtaining the necessary requirements. Additional policies and requirements can be found on the Rec Services website.
MARKETING & PUBLICITY

USE OF TRADEMARKED LOGOS

Any use of University trademarked logos must be approved by Recreational Services.

UNM LOGOS ON APPAREL

Use of University trademarked logos, including the Athletics Lobo mascot, are typically approved for use on Club Sports uniforms, with the understanding the uniforms are collected at the end of each year and must not be sold. Clubs must use licensed vendors when purchasing apparel or promotional items with University trademarked logos. Rec Services or SGAO will assist you with this process.

Failure to comply with these policies could result in the loss of use of Athletics logos and/or mascots for all clubs so pay extra attention when ordering new materials.

MARKETING OPPORTUNITIES IN RECREATIONAL SPORTS

RECREATIONAL SPORTS MANAGED WEB PRESENCE

Club Sports page on Recreational Services website
Recreational Services lists each club with contact information and links available for club social media accounts and webpage. Contact the Club Sports Staff to update necessary contact information.

Social Media

CLUB MANAGED WEB PRESENCE

Clubs are encouraged to have individual websites and social media accounts. Clubs are reminded that all clubs represent the University and must behave as such. This includes proper use of University logos and appropriate information posted. Clubs may be required to remove information from their websites or social media accounts at request of the University.
SAFETY & RISK MANAGEMENT

ACCIDENT/INJURY REPORTING

An accident/injury report should be completed by a club member or officer when:

- A club member or coach is injured and requires treatment for an injury that occurred during club practice, competition or special event (both at home and when traveling)
- Someone is injured during an event the club is hosting – this includes participants, spectators, coaches, referees/officials or supervisors
INCLEMENT WEATHER

Outdoor club practices or competitions may be cancelled due to inclement weather. This final decision is up to the Facility Supervisor and/or the Department of Recreational Services. If the club is concerned about holding outdoor practice due to weather, they should consult with the Club Sports Staff.

MEDICAL INSURANCE

UNM cannot require club sports members to have personal medical insurance, however UNM highly recommends clubs within their bylaws require members to have medical insurance. In the event of an injury to a club member, UNM will not be held liable for an injury to a person’s body or loss of a person’s property for any reason arising from participating in Club Sports.
EMERGENCY RESPONSE PLAN (ERP)

1. Assess the situation and determine extent of emergency
   • Administer first aid for the victim(s) that is appropriate to the level of your certification
   • If it is a life threatening emergency, direct someone to call 911 immediately
   • If the injury is not life threatening but serious, recommend they go to the closest medical facility and assist them in finding transportation to a doctor or the Emergency Room

2. Contact Club Sports Staff in the event of any serious accident/injury, including:
   • Loss of consciousness
   • Head and/or neck injury (including suspected concussions)
   • Severe fractures/broken bones
   • Any time an ambulance is called and/or hospitalization is required

3. Report the Accident using the online Injury form on the Club Sports Website
   • This MUST be filled out for all Club Sports related injuries, including those at practices and competitions both on and off campus
   • Clubs should fill out the Injury Report even if Recreational Services staff also fills out a report
CODE OF CONDUCT

CLUB SPORTS PROGRAM CODE OF CONDUCT

Individuals representing the club, including player, coaches and spectators, must always act in a way that does not detract from the reputation of the University, both on and off the field of play. When involved in Club Sports events, on and off campus, and when traveling, Clubs continue to represent the University of New Mexico.

Any reports regarding your club by other teams or administrators of activities that reflect negatively upon the University will result in disciplinary action which could include loss of practice space/time, short term suspension, loss of club status, etc.

Examples of Code of Conduct violations can include, but are not limited to, the following:

- **Behavior** - Disregarding the Club Sports Program policies about drugs, alcohol, and behavior
- **Staff/Participant Safety** - Jeopardizing the [perceived] safety of staff, participants, and/or officials by words or actions.

DRUG/ALCOHOL POLICY

Alcohol is not allowed at any Club Sport event. When hosting a home event (competition or practice) drugs and alcohol may not be used by club athletes, coaches or spectators from either team. When traveling, the time the club leaves campus to the time the club returns to campus is considered a club event and drugs and alcohol are not allowed at any time. Additionally, events hosted by clubs outside of practices and competitions (i.e. banquets) are subject to these expectations, and clubs disregarding alcohol and drug policies during their events are subject to the same disciplinary measures as during other Club functions.

HAZING

The University of New Mexico condemns hazing practices associated with membership, advancement, leadership or continued good standing in organizations.

Hazing is any action or situation, with or without the consent of the participants, which recklessly, intentionally, or unintentionally endangers the mental, physical, or academic health or safety of a student. There are consequences for individuals and organizations involved in hazing activities. It is important to understand how actions impact the individuals being hazed, those conducting the activities, and the organization they belong to.

It is the responsibility of Club leaders, members and coaches to report hazing to their Club Sport advisor or to an appropriate office on campus.
CLUB SPORTS DISCIPLINARY PROCESS

While there are incidents that occur which may not directly relate to a Club’s function and operation, the relationship between Clubs and Recreational Services establishes a role and responsibility for the department to be informed and responsive.

Because of this connection, it is expected that Officers and Coaches who are informed of or witness a situation that may be of concern to the team and/or the department, report the information to Club Sports staff immediately. Additionally, Claims that are filed by Claimants other than Officers and Coaches will be processed the same way.

The disciplinary process herein will be applied to situations classified in the following three ways:

- **Team Issues** - a situation in which most or all of the team is involved. This could be during a Club activity or an activity not relating to Club Sports/University business
- **Individual Issues during Club activities** - a situation in which a member or a few members of a Club Sports team is/are involved in an incident that is during a sponsored Club activity
- **Individual Issues during non-Club activities** - a situation in which a member or a few members of a Club Sports team is involved in a University or legal issue that does not directly relate to Club activities

For the above situations, the same general process will be used:

1. Written notice of Claim and/or Policy Violation sent by Club Sports staff to Respondent(s), Club officers, Club Sports Council Executive Board, or any other parties the Club Sports staff feel are relevant
2. Meetings with Respondent(s) – Meet with Club Sports staff to discuss steps of disciplinary process
3. Recommendations on proposed resolution gathered from Executive Board, Club officers and Respondent(s)
4. Recreational Sports review or recommendations and determination of final resolution
5. Written notice of final resolution and available appeal procedures sent to Respondent(s) and Club officers

Should an incident require, the Student Activities Center, Dean of Students Office, or other campus partners may become involved in the necessary steps.
